

# My Invention Ideas Notebook

---

## 1. Idea Name:

*What do you want to call your invention?*

---

## 2. What does it do?

*Explain what your invention can do.*

---

## 3. Who will use it?

*Who is your invention for?*

---

## 4. What problem does it solve?

*Why do people need this invention?*

---

## 5. How does it work?

*Describe how your invention works. You can draw a picture too!*

## 6. What materials will you need?

*List the materials or tools you might use to build it.*

---

---

---

## 7. My sketch:

*(Draw your invention here)*

[Big blank box or grid lines for drawing]

---

## 8. Steps to build it:

*Write down what you need to do step by step.*

1. 

---
2. 

---
3. 

---

---

## 9. My challenges:

*What problems might you face while building it?*

---

---

---

## 10. How can I solve these challenges?

*Think of ideas to fix the problems.*

---

---

---

**Bonus! My invention's superpower:**

*What makes your invention special or different?*

---

---
