More about 'Phonics ABC Song'

ABC Song Phonics is a pre-school learning rhyme, which teaches children the alphabet through the phonics sounds. It does not only name the letters but articulates the sounds that they make which is pivotal to early reading and literacy. The song is tune and rhymic and this makes children recognize letters, sounds and words. It is usually applied in the initial stages of phonics in classrooms, and at home when parents are going through learning activities. It aids in memory, pronunciation and spelling therefore is a significant process in language development. Other than letters, it makes the kids prepared to go to school and it gives them the confidence to read. Phonics ABC Song is one of the most helpful songs that do not only include fun but also offer the required education to the young children.
